BOULEVARD MEETS WITH APPROVAL

Meeting Held Last Night in Interest of Road to Washington.

COMMITTEE NAMED

Inspection of Proposed Highway to Be Made by Committee, Who Will Go Over Survey on Thursday.

The modern highway between Alexandria and Washington, forming a part of the great Washington-Richmond highway and an integral link in the proposed boulevard to Mt. Vernon received a decided impetus at a meeting held at the Chamber of Commerce in Washington last night. The meeting had been called for the purpose of interesting Washington business men in subscribing $10,000 to the $90,000 which will be the cost of the highway.

There were present from this city C. S. T. Burke, chairman, J. T. Preston, George D Hopkins, and Robert L. Payne, representing the Chamber of Commerce, and Messrs William A. Moore, Jr., C. C. Lamond, W. H. Hellmuth and George Washingtou Lewis representing the Alexandria Automobile Association.

As a result of the meeting the Washington Chamber appointed a committee who will go over the proposed road with the Alexandria committees on next Thursday afternoon. The Washingtonians will leave that city at 3 o'clock and come over the road and meet the local committees at 4 o'clock.

President Gude, of the Washington Chamber of Commerce presiding.

George H. Rucker, of Alexandria county, stated that the object of the meeting was to raise funds to cover amount offered by the good roads department of the United States to build a road from Washingon to Alexandria, as part of the Mount Vernon Avenue. He also explained the methods by which the money was to be obtained and asked the co-operation and assistance of Washingtonians who will use the road as much if not more than the people of Alexandria and Alexandria county.

Captain St. Julian Wilson, former State highway commissioner of Virginia, and now connected with the office of public roads, Department of Agriculture, gave an interesting resume of the progress being made toward building an automobile road connecting this city with Richmond. The Virginia capital has raised $50,000 for this purpose, and, in addition bonds aggregating $250,000 have been issued by various counties along the proposed route. Captain Wilson stated that within one year there would be an excellent highway extending from Alexandria to Richmond, via Fredericksburg. The connecting link between Washington and Alexandria would be the proposed Mount Vernon boulevard.

C. S. T. Burke, chairman of the committee from the Chamber of Commerce, Alexandria, made a brief speech in which he stated that he had a contribution of $1,000,000 in his pocket and suggested that the line of route be determined.

A. J. Wedderburn, of Fairfax, said that while not a member of the committee, he was deeply interested in the project and depreciaed the idea of building the road along the old Alexandria Turnpike, lying along the railroad.

During the meeting considerable debate was engaged in and among those who spoke were Messrs. Handy and Rust, of Alexandria county, Robert L. Payne, of Alexandria, George W. Oyster, of Washington, and others.

The present road between Alexandria and Washington has been greatly improved in late years, and travel by vehicles between the two cities is more comforable and satisfactory than ever before, but those interested in the building of a more modern highway desire to construct one which will be more durable and more easy to pass over than that now used. There are certain "dips' which can be removed and other improvements made in the way of grading, etc.

NEWS OF THE DAY

Ernest Henry Sackville-West, who four years ago brought suit at London as claimant to the estates of the late Lord Lionel Sackville-West, one-time British Minister to the United States, died in Paris recently. The police report says he shot himself June 4, immediately after his wife, a Frenchwoman, had died of cancer.

One person was killed and two badly hurt when the automobile of W. H. De Courcy Wright, the Baltimore lawyer, turned turtle about 1:30 o'clock yesterday afternoon on the Annapolis Boulevard, near Jones' station, about five miles from Annapolis. Eyre Wright, 14 years old, son of W. H. DeCourcy Wright, was suffocated by escaping gasoline fumes as he lay beneath the car.

General Carranza's experiment in trying to carry on the constitutionalist campaign south of Torreon without the aid of General Villa has resulted more disastrously than was at first known. The rebel army under General Panfilo Natera, not only was defeated at Zacatecas last Friday, but was routed with losses so great that further operations will be impossible until Villa's army can reach the zone of fighting. It is reported that the repeal losses will reach 3,000.

Greece and Turkey moved one step nearer war yesterday when Premier Venizelos sent to the Porte a note insisting that a reply be returned at once to his previous communication demanding that the persecution of the Greeks in Turkish dominions cease at once. National sentiment is strongly in favor of war. It has been learned that Turkey has been making serious preparation for a conflict by moving troops and war supplies to strategic points. It is believed that he sublime Port has opened secret negotiations with Bulgaria with a view to securing Bulgaria as an ally of the Turks if war breaks out. Bulgaria is anxious to avenge her defeat at the hands of Greece and Servia.

President Wilson signed the Panama Canal tolls exemption repeal bill in his office this morning. The bill was signed with a quill pen which had been used by President Harrison in signing the international copyright law in 1891 and by President Taft in signing the Lincoln Memorial bill and other measures.

The Supreme Court was in session yesterday for only about fifteen minutes. Aside from an order in the Thaw case denying the petition for bail, the court entered an order for a mandate and refused a petition for an injunction applied for by local operators in Ohio to prevent the enforcement by the State of the so-called screen law, pending the determination of a suit brought to test its constitutionality.

A hint from Governor Glynn, of New York, that the Catholic Church will be subjected to persecution until its adherents "band together and show, instead of the teeth of the lamb, the fangs of the lion," was the only serious expression last night, at the smoker of alumni of Georgetown University, who are celebrating the 125th anniversary of the founding of the institution. Governor Glynn delivered the principal address.

The bodies of more than a score of persons, sucked out of sight by cavelns following a terrific thunder storm, are clogging the sewers of the St. Lazare district in Paris. Rains burst the conduits, undermined streets and houses, and big patches of thoroughfares have dropped away. The metropolitan subway is flooded, and traffic has been suspended. Gas mains, telephone wires and the electrical supply have been cut off. Gendarmes, armed with powerful lamps, have isolated the affected districts, and are now exploring the sunken streets for bodies.

Detective William J. Burns, head of the Burns National Detective Agency, is "in bad" with the International Association of Chiefs of Police, which opened a five days' convention yesterday at Grand Rapids, Mich. Resolutions will be introduced today by Chief Michael Regan, vice president of Buffalo, and F. J. Cassada, of Elmira, N. Y., asking that the detective be ousted from the organization.

WESTMINSTER DENSELY PACKED

Annual Commencement Exercises of Alexandria High School.

MEDALS ARE AWARDED

Rev. Dr. J. Lee Allison Presents Medals Offered Pupils by Congressman C. C. Carlin.

The annual commencement exercises of the Alexandria High School were held last night at eight o'clock at Westminster Hall. The hall was filled to overflowing with friends and relatives of the graduates of the school. By eight o'clock not a seat could be secured in the entire hall, many having to stand in rows a dozen seats back of the doors and on the steps.

The invocation was delivered by Rev. John Lee Allison, after which came the interesting salutatory by Miss Corinne Talmage Reardon.

Following the salutatory, Clerk of Schools, Harry D. Kirk, read out the names of those who were promoted in the High School. The awards read out by Conrad Johnson, principal, were as follows:—

Third year, highest averages.—Marion Elizabeth Hayden, 98.3, Helen Louise Davis, 95.2, Marion Dickert, 93.6, and William A. Wells, 93.

Second year—Dorothy Callahan, 98.8, Elizabeth Hantzman, 95, William Schafer, 94.7, and Tupper Barrett, 93.6.

First year—Willie Fairfax, 94.8, and Edith Burner Garrett, 94.6.

The commencement address, was delivered by Dr. F. H. Russell, of the Fredericksburg State Normal School. The address was instructing to the graduating class and entertaining to the audience. Rev. John Lee Allison then presented the medals which were offered by Hon. Charles C. Carlin.

Miss Mary Moore, was awarded the medal offered for scholarship in the graduating class. She also won the medal for perfect attendance during all four years of her high school career. Eldon Raison was the winner of the medal for the best all-round athlete, Miss Lucy Reardon for scholarship in the seventh grade, Lee school; Hugh Murphy for scholarship in the seventh grade, Washington school; Ashby Bladen, debater's medal and Francis E. Johnston, declaimer's medal.

The valedictory was delivered by Francis E. Johnston. It was a splendid effort and worthy of a college graduating class. The valedictorian spoke with great earnestness, and had a splendid delivery.

Diplomas were awarded to twelve graduates, as follows: Misses Corrine Reardon, Mary Moore, Helen R. Blake, Madeline Martin, Flora Glasgow, and Mabel Henderson and Francis E. Johnston, Baron Phillips, Eldon Raison, Joseph Chauncey, Robert E. Knight, Jr., and Howard St. Clair.

After the presentation of flowers and many gifts to the graduates and Miss Reardon, the class president, having received the class mascot, a little white rabbit, with a large maroon ribbon, tied around its neck, the Rev. P. P. Phillips, pronounced the benediction.

Because of the great crowd at the commencement last night certificates of promotion could not be delivered to the high school pupils. The names of the pupils receiving them, however, were read out, and those pupils received the certificates at Lee School this morning. In addition to the names published in the Gazette yesterday, Charles Bruce Morton was promoted from the third grade to the fourth grade.

TRADES COUNCIL ELECT.

Report of Delegates to Recent State Convention Received.

At a meeting of the Alexandria Trades Council held last night in its hall at King and Royal streets, the report of the delegates to the recent convention of the Virginia Federation of Labor, held in Norfolk, was received and officers for the ensuing term were elected.

The report of the delegates to the convention showed the State Federation in a healthy condition and doing an important work in the State. It was reported that the legislative program of the federation next year will include a plank in favor the initiative, referendum and recall, woman suffrage, a workmen's compensation act, a minimum wage commission for women workers, and the abolition of the contract convict labor system of the State. Among the other important matters acted upon was the question of the failure of workingmen to pay their poll taxes and thus qualify as voters. In this connection not merely were all union men urged to become voters, but the constitution of the federation was so amended as to preclude any one from being a delegate to the State convention unless his poll taxes are paid, providing he is qualified by length of residence to become a voter.

The election of officers last night resulted as follows:

W. R. Hamilton, president.

W. M. Mueller, vice-president.

M, W. Padgett corresponding secretary.

J. K. Sparrow, financial secretary-treasurer.

Frank Deeton, Jr., conductor.

W. R. Studds, warden.

G. M. Cragg, T. R. Fones, and W. A. Sprouse, trustees.

The officers will be installed at the next meeting of the Council.

A letter was received signed by a number of union men residing on the line of the W. & O. D. R. R., complaining of the poor service to and from Alexandria and asking that the Council take some action in the matter. A committee was appointed to confer with the Chamber of Commerce in an effort to interest that body to the extent of using its influences with the company in an effort to bring about better service.

EXEMPTS BAY STEAMERS

Revised Seamen's Bill Will Not Require Them to Carry Full Lifeboat Equipment.

Washington, June 16.—The House Committee on Merchant, Marine and Fisheries has completed its reconstruction of the La Follette seamen's bill and has stricken from the Senate measure the provisions requiring entire lifeboat equipment for Chesapeake Bay steamships.

Under the House Committee bill, the United States Steamboat Inspection Service is authorized to designate the character and amount of life-saving equipment for vessels plying on inland waters and bays like the Chesapeake.

The La Follette bill provided that the bay steamers should be equipped with enough lifeboats to carry the full passenger capacity of the vessel. In this connection the House Committee bill breaks away from the La Follette measure. The latter bill limited life-saving equipment of steamships to lifeboats only. The House measure on the other hand provides that the vessels can carry pontoon rafts as a part of their life-saving equipment. The pontoon rafts can be so arranged on vessels as to not occupy as much space as lifeboats

Cheasapeake Bay steamboat companies protested vigorously against the provisions of the La Follette bill before the House Committee last winter. They claimed that they would be compelled to reconstruct all their vessels in order to provide a lifeboat equipment. They added that in addition to lifeboats their ships carry a large number of life rafts which are as safe and secure in protected waters as are lifeboats. Under the reconstructed measure, the steamboat inspectors will provide lifesaving craft regulations for southern waters which will meet the weather conditions. The Chesapeake Bay steamers will therefore be subject to the regulations for life-saving equipment, which will be made and approved by the Federal Steamboat Inspection Service.

WENDENBURG VS. MONTAGUE

Spirited Election for Congressman in Richmond Today.

BOTH ARE CONFIDENT

Candidates and Friends Are Working Assiduously to Bring Out Large Vote in District.

Richmond, June 16.—Supporters of both candidates seeking nomination to Congress from the Third Virginia District in today's primary are exerting every effort to get out the full Democratic vote, recalling the lack of interest in the general election a week ago, when barely one-fourth of the voters went to the polls.

Not until a few days ago was any interest in the campaign aroused. This was done when campaign addresses were begun in the city by the two candidates, Congressman A. J. Montague, incumbent, and State Senator L. O. Wendenburg, of Henrico county.

For some time Mr. Wendenburg conducted a quiet campaign throughout the district, which embraces the cities of Richmond and Williamsburg, and the following counties: Henrico, Goochland, Chesterfield, New Kent, Hanover, King William, James City, and Charles City.

The polls opened with the rising of the sun this morning at 4:49 o'clock, and will continue open until sunset, 7:31 o'clock.

Wendenburg in a speech last night said:

"Man is like a volume of water. Some become torpid and inactive, while some irrigate the fields of life. Some are dammed up and never flow. Some dash themselves into spray upon the rocks and accomplish nothing but the beautiful sounds that are pleasing to the ear, while some hurl their weight and power against the wheels that grind out the great accomplishments of life. If you elect me to congress, I promise to hurl the weight of my body and soul and brain against the wheel, and if I don't grind out some of the accomplishments of life in two years, I will ask you not to return me there."

Montague in a statement said: "From assurances given me by my friends and supporters, I expect to carry every precinct in the city and every county in the district. What my majority will be I cannot say. The larger the vote, the larger it will be."

Wendenburg is equally optimistic. He said: "I believe the result is going to be favorable to myself. I believe that my opponent will be defeated. There is always an unseen pulse that can be felt. I would say if I were not interested that indications from that pulse of the public are that Mr. Montague is going to be defeated."

GAS KILLS SIX SAILORS

Overcome by Fumes of Oil While Loading Vessel.

Philadelphia, Penn., June 16.—Six members of the crew of the British steamship San Valerio, which arrived here yesterday with a cargo of oil from Mexico, were asphyxiated by oil gas while the vessel was taking aboard her cargo off the coast of Tuxpam. Three of the men were overcome b ythe gas while at work in the forepeak of the vessel. Their plight was perceived by an officer on deck, and he and two others volunteered to rescue them None of the six came out alive and their bodies were recovered only after fresh air was pumped into the vessel.

COMMITTEE TO MEET TONIGHT

Will Turn Over to Hospital Managers Amount They Have Collected.

ACTIVE WORK CEASES

Are Assured of $40,703.09—Great Railroads Centering at Alexandria Yet to Be Heard From.

When the Executive Committee of the hospital fund make their report tonight and turn over to the Board of Trustees and Lady Board of Managers the contributions, including the pledges and cash collected during the last seven and one half weeks in which the hospital campaign has been carried on, the active work of the executive committee ceases and the business men of the city who have so faithfully, persistantly and successfully given their time to this importcan work can return to their business.

Without any receipts after 10.00 a. m. this morning, the curtain will ring down upon contributions of $35,703.09, which added to the $5,000 that the city of Alexandria will unquestionably give, makes a total of $40,703.09.

In addition to this sum, contributions that have been promised but which have not come in, will approximately raise the sum to $41,000.00, $11,000 more than the minimum and only $9,000 less than the maximum required.

Certainly the railroads entering this city and using the hospital so frequently, (and at about 25 per cent less than actual cost), can be relied upon to make liberal contributions to this fund, thus providing the necessary amount to bring the sum up to fifty thousand dollars.

It should be noted and remembered that up to the present time only one railroad entering this city and two steamboat companies have contributed to the fund, these being the Washington-Virginia R .R. Co., $1,000, and the Chesapeake and Potomac Steamboat Co., and the Colonial Beach Co., each of which gave $25.00

The great railroads running through our city and receiving hundreds of thousands of dollars from it in freight and passenger traffic, and who need the hospital more frequently than any other class of people, have up to the present time not sent in a contribution to the hospital fund, probably because of the fact that being corporations, the matter has to pass through much red tape. Doubtless they will show not only their liberality, but their appreciation of the good work done by the hospital and make up the deficiency to $5,000.

In closing the campaign, the committee desires to extend their thanks to everyone who has contributed toward this noble work and the congratulations of the city of Alexandria are due to its people and friends who have made a record-breaking race, in securing finances for a matter of this character.

Grafton, W. Va., June 16.—"Hard labor on the pubiic highway, or get out of the county at once," was the alternative presented to "General Kelly's army of the unemployed" when they appeared in court here yesterday to answer the charge of trespassing filed by Baltimore and Ohio Railroad policemen.

The "army" declared the two box cars in which they arrived here yesterday had been donated to them by the railroad officers at McMechan, W. Va, but the court refused to accept the explanation "Colonel" C. D. McLennem, in command of the "army," decided to move on to Cumberland, Md., and the entire party of 60 was escorted to the city line by the police.

DIES AS A LONE MOTHER

Her Children Grown Up and Gone She Prefers Suicide.

York, Pa., June 15.—Taking a fond, farewell look at the photographs of her three children, Mrs. W. Sitler, wife of a York lawyer, ended her life last night by inhaling illuminating gas. The pictures of her children were found beside her on the bed when her husband discovered her unconscious body after breaking into the room.

Mrs. Sitler was 60 years old, and it is said she brooded over the absence of her children, who had grown up and left York. A daughter, Mabel, who had been her companion for years, left recently to get married, it is said, and this caused the woman to become despondent.

SHOT DURING A QUARREL

William Trigger Discharges Pistol Four Times at Joseph Henderson.

Between nine and ten o'clock last night a quarrel took place in a saloon on south Columbus street, between William Trigger and Joseph Henderson, and the two men started from the place into the street for the purpose of settling the difficulty. It was supposed, with nature's weapons. After reaching the street Trigger, it is alleged, drew a pistol and began to discharge it at Henderson. He fired four times, although but one bullet reached his mark, that lodging in Henderson's leg.

Henderson was taken to the Alexandria Hospital by friends, where he received surgical attention and subsequently was conducted to his home.

Officers Young and Bell later arrested Trigger and the case was called in the Police Court this morning, but as Henderson was unable to be present the case was continued for five days.

The shooting occasioned considerable excitment in the neighborhood where it occurred.

MAN OVERBOARD

Excursionist Tumbles Into Dock from Gangplank of Steamer.

Considerable excitement was caused among the excursionists on the steamer Charles Macalester, and people upon her wharf about half-past ten o'clock last night when a Washingtonian, who was one of the excursionists fell overboard from the gangplank. The steamer had stopped at this port on her way up in order to land Alexandrians, who had been down the river when the Washingtonian, supposing the steamer had reached Washington, started to come ashore, and walked off the gangplank into the dock. The cry of "Man overboard" startled everybody and some people of this city, who had gone to the wharf to meet friends proceeded to the rescue of the man. He was soon caught, pulled on the wharf and placed board the steamer.

DEATH OF MAJOR KING.

Well Known and Popular Alexandrian Passes Away After Long Illness.

Major James E. King, one of the best known men in fraternal and military circles in northern Virginia, died at seven o'clock this morning at his home at Herbert Springs, six miles below Alexandria on the Washington-Virginia Railway. He was removed to his home yesterday afternoon from Garfield Hospital, Washington, where he has been seriously ill for the past month. A year ago he was taken ill with cancer of the stomach and his condition has steadily grown worse.

Major King has occupied some of the highest positions in masonic circles in this city. He was a past master of Andrew Jackson Lodge, No. 120, a past eminent commander of Old Dominion Commandery, No. 11, Knights Templar, and an active member of Mount Vernon Chapter, Royal Arch Masons. For the past two years he has been secretary of all the Scottish Rite bodies in Alexandria, including George Washington Memorial Lodge of Perfection, Randolph Chapter of the Rose Croix, Lafayette Council of Knights Kadosh and Virginia Consistory No. 2. He was also a member of Alexandria Lodge, No. 758, of the Benevolent and Protective Order of Elks.

Major King has been connected with the Virginia militia for a number of years. He entered the Alexandria Light Infantry as a private in 1895, at the commencement of the Spanish American war was a corporal. He was elected second lieutenant previous to the company enlisting its services in the United States Volunteers. At the conclusion of the war he assised in reorganizing the company and was elected captain. On August 31st, he was promoted to major of the second batallion, first regiment of Virginia Volunteers, which position he has held up to the time of his death.

Major King was born October 27th, 1871. He was a son of Captain William M. and Carolina King, and was a native of Alexandria. He is survived by his wife, who was Miss Lulie Watkins, two brothers, William M. King, Jr., and J. Angus King and by three sisters, Misses Elizabeth W. King, Ethel M. King, and Musadora King.

DOG TAKES PRIZES.

Mr. L. F. Dyson's collie "Singular," again won a number of prizes at Devon, Pa., last Saturday. Singular won two first, one second, four specials, three money prizes, as well as a handsome silver cup.

ROBERT PORTNER'S WILL.

Widow of Former Alexandrian Resi. dence and Farm.

The will of Robert Portner, dated March 28, 1892, was filed yesterday in the Probate Court, of the District of Columbia. His wife, Anna Portner, is bequeathed the Portner residence at 1104 Vermont avenue northwest Washington, with the contents, and a farm in Virginia, till her death or remarriage, after which this property is to go to the children.

The will gives 50 shares each of the capital stock of the National Capital Brewing Company, and the Robert Portner Brewing Company to the testator's sister, Mrs. Felixine Wilkening. The balance of his stock in these companies is to be held in trust by the National Safe Deposit and Trust Company, for the benefit of the sister, who is to receive $3,000 in cash, and her three children, each of whom is to receive $1,000 in cash, and for various other relatives in this country and Europe.

The residue of the estate is left in trust with the same trust company, also named executor, for the benefit of the widow and others of the immediate family.

The National Society of Daughters of the Revolution opened its twenty-third annual convention yesterday at Minneapolis, Minn.

Why Suffer from Rheumatism?

When relief from rheumatic pains may be had at so small a cost it is surprising that anyone should fail to avail himself of it. Joseph Copparelli, Canastota, N. Y., suffered intensely with pains due to rheumatism in his limbs for a long time A friend told him about Chamberlain's Liniment. One application relieved him wonderfully, and a few days' treatment effected a cure. Many others have found quick relief by applying this liniment. For sale by all dealers.

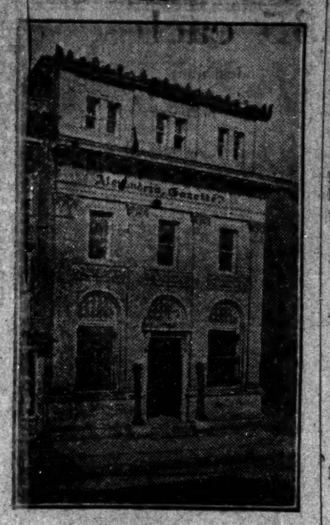
Alexandria Gazette AND VIRGINIA ADVERTISER



ALEXANDRIA GAZETTE PUBLISHED DAILY.

The Alexandria Gazette Corporation. Gazette Building - - - - King Street.
ROBERT S. BARRETT, President and General Manager.
HOWARD W. SMITH, Secretary and Treasurer.

Entered at the Postoffice of Alexandria, Virginia as second-class matter.

WILSON BLAMES "BIG BUSINESS."

President Wilson has placed upon "big business" the responsibility for creating the depression which he had hitherto described as purely "psychological."

He virtually charges that an organized campaign has been waged to shake the public confidence in the business outlook, and by this means to force the adjournment of Congress without the completion of the anti-Trust program.

In setting forth his views, the President asserts with great emphasis that all the influence he possesses will be exerted to keep Congress in session until the "business" legislation is enacted. His statement in this regard was strong enough to set at rest any doubt that may have existed that he finally would give in to the urgings from all parts of the country for the adjournment of Congress and the consequent opportunity for a rest for the business world before the Congressional elections.

The expressions from the President came at his regular semi-weekly interview yesterday with the newspaper correspondents, when he announced that the White House would, during the day make public copies of letters that would "expose the face" of those who are accountable for the depression now existing.

The President is right in placing the odium of the attempt to disturb confidence in the business world where it belongs. The present procedure of Republican millionaires to cast discredit upon the sound business principles of the Democratic administration is old and has long since become transparent

It is hoped Mr Wilson will hold Congress until results for which his party has fought for long shall have been accomplished.

THE HIGH SCHOOL COMMENCEMENT.

The great progress made along educational lines in Alexandria was shown by the commencement exercises of the Alexandria high school. While for a number of years there has been a semblance of high school work done the first class to finish the complete course was graduated last night. Twelve boys and girls received their diplomas and are better prepared to take up life's responsibilities than any other similar number of students who have finished their course of study in Alexandria's public schools. If they so desire they can enter any college in the land without examination.

The exercises last night were interesting and showed how greatly the people of the community appreciate the work of the high school. The Westminster Building was crowded to the utmost.

Before another class is graduated we hope to see the new high school building finished and equipped to give the students all of the advantages that can possible be extended.

CHILD IS KILLED BY CAR

Parent Searches Store for Little Fellow and Learn of Tragedy.

Atlantic City, June 16.—With the torn and twisted form of two-year-old Paul F. Gerhart, son of wealthy visitors, wedged tightly between its forward truck and wheels, an Atlantic avenue trolley car ran a half square between New York and Tennessee avenue yesterday. Scores of pedestrians saw the little fellow dart across the thoroughfare in the path of the car, and then stood transfixed as he disappeared from view, but not until Emilio Damato, janitor at the City Hall, pounded frantically on the glass of the car did Motorman Bentley Young learn of the tragedy and put on the brakes. The lad's body had been dragged 70 feet and terribly mangled.

Lung Trouble Yielded to This Medicine

If you are suffering with Lung Trouble, or if you know of some unfortunate person so afflicted, would you take the trouble of fully investigating a medicine which has brought about complete recovery in a number of very serious cases? To Eckman's Alterative, a remedy for Throat and Lung Troubles, has been given the fullest credit of restoring health in a large number of cases. Read this:—

8823 Girard Ave., Phila., Pa.

"Gentlemen: In the winter of 1903 I had an attack of Grippe, followed by Pneumonia, and later by Lung Trouble. In the winter of 1904 I had cough, slight sweats, fever and raised quantities of awful-looking stuff and later I had many hemorrhages, at one time three in three successive days. Milk and eggs became so distasteful I could keep nothing down. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alterative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well."

(Affidavit) ANNIE F. LOUGHRAN.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in unbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

Special Master Littlefield Calls Counsel to Meet Him in New York.

Richmond, June 16.—Special Master Charles E. Littlefield, to whom has been referred for further report the matter of debt controversy between Virginia and West Virginia, has informed counsel that he will meet them at his office in New York at 10 o'clock tomorrow morning to arrange for hearings.

Alleged new evidence on the part part of the State of West Virginia, and the contention that there are offsets which should be considered, are among the things which Mr. Littlefield will consider.

Attorney General Pollard has left for New York to be on hand to represent Virginia, and counsel for the bondholders will also be present.

Whatever may be the final outcome of the litigation, which has been dragging now for seven years, the State of Virginia is forever relieved of the payment of any part of the debt, this being the agreement on the part of the holders of the securities.

Rare Operation.

Richmond, Va., June 16.—Surgeons here are watching closely the effect of a rare operation performed upon F. D. Luck, aged 38, a railroad man.

The arteries of his right leg becoming choked by an overgrowth of their walls, an amputation because of gangrene being in prospect, Memorial Hospital surgeons opened the patient's thigh and reversed the blood currents by turning the arterial blood into the veins, and vice versa. The dying lower leg seems to be coming very slowly back to normal.

TELLS MEN TO BE "KIDS" AGAIN

Y. M. C. A. Director Urges Dime Novels for Rejuvenation.

New York, June 16.—Business men about to start on their summer vacations are advised to read dime novels, smoke cornsilk cigarettes and act like "kids" again by Dr. Louis R. Weismiller, physical director of the West Side Young Men's Christian Association.

His prescription for the rejuvenation of business-worn members of the association has been posted all over the building. It reads, in part:

"Forget your dignity, throw away your staidness and be a kid again—a wholesome, fun-loving, boisterous, dime-novel-reading kid—during your vacation.

"Dime novels make good summer reading. They are next to the Bible for summer reading They are next to the Bible for vacation reading, but take the Bible along, of ocurse. Many great men read 'Nick Carter,' 'Jesse James' and like the writings for relaxation.

"Most of you men have come to New York and made good. Help yourselves to make good again next winter by being a boy on your vacation"

WIRES FOR FEDERAL TROOPS

Governor of Montana Wants Order Restored in Butte.

Washington, June 16.—Governor Stewart, of Montana, has telegraphed President Wilson, asking that Federal troops be sent to restore order in the Butte Copper mine districts.

At the same time the Governor sent messages to the Montana Senators and Representatives in Congress urging them to call at the White House and support his request. Senators Meyers and Walsh and Representative Evans and Stout at once arranged to see the President tomorrow morning.

In the meantime no one would discuss the situation. But it was evident that the call for aid from the National Government came as a surprise.

Pilot Konschel bet he would shave himself while flying round the race course at Asfern, Austria, yesterday. While flying around in loops and figure 8's, Konschel lathered his face and with a safety razor shaved himself before a small mirror, steering the aeroplane with his knees. After twenty minutes he landed, having won the bet.

Just What She Needed.

There was an old saying that "There is a remedy for every ill." It is sometimes years before you find the remedy exactly suited to your case. Mrs. Rachel Cribley, Beaver Dam, Ohio, was sick for two years with stomach trouble and constipation. She writes, "My neighbors spoke so enthusiastically of Chamberlain's Tablets that I procured a bottle of them. A few days' treatment convinced me that they were just what I needed. I continued to use them for several weeks and they cured me." For sale by all dealers.

CHILD'S PATHETIC STORY.

Little Girl Felt There Was no One to Care for her.

Richmond, Va., June 16.—Perhaps one of the most distressing cases of childish destitution is that which came to the surface a few days ago, being pathetic in every way. Laura Dunn is a pretty, light-haired and bright child of 13 years. Her father is dead, and her mother is worse than dead—she is in one of hospitals for the insane. The little girl did her best to care for herself and her two little brothers but the task was too much for her and the humane officers took charge of them as being destitute. They were taken to the Detention Home till provisions could be made for them. Yesterday afternoon the girl asked to be allowed to go back to her home to get some clothing, and she was accompanied by one of the matrons in the home. While in the home the little girl got hold of a bottle of poison, which she concealed in the clothing she took back with her, and last night she drank it. She said that she did not want to live; that there was no one to care for her and to help provide for her little brothers, and that she did not want to live.

The poison was finally gotten out of her by physicians.

For Masons Home at Lynchburg.

Lynchburg, Va., June 16.—W. S. Benstone, of Norfolk, H. N. Fields, of Orange; J. G. Osborne, of Radford; C. B. Marshall, of Alexandria, and Ernest Williams, of Lynchburg, appointed by the Virginia Grand Lodge of Masons to recommend a site for a proposed home for indigent Masons, have decided to recommend Lynchburg as the location.

Shoots His Wife.

Roanoke, Va., June 15—Because his wife objected to his going fishing Saturday, Hugh Vandergrift, a packing house manager, thirty-three years old, shot and seriously wounded her at their home here. Vandergrift is under arrest.

NEW MARCH ON WHITE HOUSE.

Suffragists Plan to Besiege President June 30.

Washington, June 16.—Another suffragist march on the White House is being planned as the result of the indorsement of woman suffrage by the Federation of Women's Clubs at Chicago.

President Wilson will be asked to receive a deputation of suffrage clubwomen, headed by Mrs. Harvey W. Wiley, on June 30. The leaders here have intrusted to Mrs. Wiley the work of selecting the members of the deputation, which, they plan, shall be composed of several hundred representative clubwomen from all the States.

The demonstration will come as the climax of a campaign for favorable action on the suffrage amendment by the House Rules Committee on July 1 The suffrage leaders say they intend to ask the President to act regardless of the Baltimore platform, and o use his influence for a favorable report from the rules committee.

14 CHURCHES BURNED.

Many Others in Italy Fired by Strikers and Partly Burned and 23 Looted.

Rome, June 16.—Church property suffered very severely during the riots accompanying the recent general strike in Italy, according to reports presented to the Pope. These show that 14 churches were burned and 39 damaged, while 23 others were looted.

Bologna, June 16.—Strikers yesterday set fire to the Cathedral, the Church of Peace and the Church of the Holy Cross in Senigallia, on the Adriatic, after sprinkling the doors with petroleum stolen from a store.

Cavalry arrived in time to prevent the destruction of the Cathedral, but the interiors of the other churches were devastated, and only the walls remain standing of the Church of the Holy Cross.

Troops repulsed a number of striking railroad men who attempted to enter the station at Bologna and prevent the passing of trains.

CITROLAX.

First—get the name down pat—then buy it of your druggist. Just the very best thing for constipation, sick headache, sour stomach, lazy liver, sluggish constipated bowels. The pleasantest, surest, nicest laxative you ever used. Tastes good—like lemonade. Acts promptly, without pain or nausea. Gives you the most satisfactory flushing you have ever had.

A high powered bomb, with a powder fuse which had been lighted, was found yesterday in the porter's room on the third floor of 212 Lafayette street, New York, across a narrow hallway from the office of Count G. Faroni, Italian consul. Detectives declare that undoubtedly an attempt had been made to assassinate the count, but that the fuse had been extinguished by the dampness of the room and the inexpertness with which it had been made. The Italian consul has been active in having Italian criminals deported. A few weeks ago an attempt was made to burn the buildings in which his office is located.
